3. (Unclassified - JMD) LIAISON Called Phyliss Bacon, Senate Armed Services Committee staff, who confirmed for me that [redacted] [redacted] nomination for a fourth star had been approved. [redacted] office was notified.

OFFICE OF LEGISLATIVE COUNSEL

Tuesday - 1 June 1976

X1 1. [REDACTED] LIAISON Called Elly Vogtmann, Senate Foreign Relations Committee staff, and confirmed Friday, 4 June, at 2:30 for the Director to brief on a Section 662 finding.

X1 2. [REDACTED] LIAISON In response to his call, confirmed with Mr. Ralph Preston, House Appropriations Committee staff, Monday, 7 June at 2:00 for the Director to brief the Subcommittee on Defense on a Section 662 finding. Mr. Preston said the briefing would be in room H 140, Capitol.

X1 3. [REDACTED] LIAISON Dropped by the office of Senator Charles McC. Mathias (R., Md.) and in his absence talked with Dr. Mark Thurber, his Administrative Assistant, about the Senator's letter of 26 May 1976 to the Director expressing an interest in our assessment of the situation in the Middle East and Lebanon. I asked whether he knew if the Senator would prefer a briefing or some briefing papers on these topics. He said he was quite sure the Senator would prefer a briefing, but would check on this and be back in touch with me tomorrow.

X1 4. [REDACTED] LIAISON Mr. Jon Holstine, on the staff of the Subcommittee on International Operations, House International Relations Committee, inquired as to whether the Agency "placed any credence in" an FBIS item of 25 May regarding Latin American Communists being sent to European Communist parties. After checking with DDO, I informed Mr. Holstine that the substance of the article--as noted therein--
X1 [REDACTED] [REDACTED] for various reasons 25X
the Agency was disinclined to place any significant degree of credibility on specific information in the report, but that information of this sort did become available from time to time and could not be discounted entirely.

X1 5. [REDACTED] LIAISON I called Steve McNamara, in the Tallahassee office of Senator Dick Stone (D., Fla.), requesting additional biographic information on [REDACTED], who is the subject of a constituent inquiry. 25X

6. (Unclassified - RJK) LIAISON Rudy Rosseau, on the staff of the Subcommittee on Foreign Assistance and Economic Policy, Senate Foreign Relations Committee, called to request FBIS Daily Reports on Sub-Saharan Africa, the Middle East, and Asia and Pacific. He said he would like them sent to the attention of Richard Moose, Staff Director of the Subcommittee. I called FBIS Liaison and made the necessary arrangements.

7. (Unclassified - DFM) INTELLIGENCE BRIEFING Richard Kaufman, General Counsel, Joint Economic Committee, called twice during the day to say Senator William Proxmire (D., Wis.), Chairman of the Subcommittee on Priorities and Economy in Government, is pressing him to get the sanitized transcript of the 24 May Agency briefing of the Subcommittee. I told Kaufman that Agency personnel were working on the transcript, but that I could give no firm date for when it would be completed, as our people viewed it as a complex problem. I offered to bring him a copy of the unedited transcript if that would satisfy his immediate needs. Kaufman said he would rather wait for the sanitized version unless there would be substantial delay.

8. (Unclassified - DFM) LEGISLATION Called Clark McFadden, Counsel, Senate Armed Services Committee, about the legislation to protect Agency doctors from malpractice suits. McFadden thinks the creation of the new Senate Select Committee on Intelligence might be a complicating factor that could work against inclusion of the Agency within the scope of the bill, because the bill might have to be referred to the new Committee before floor consideration. I pointed out that this was only the case if Chairman Daniel Inouye (D., Hawaii) requested referral, and it was such a minor matter he might not. McFadden agreed to keep me posted on Committee action on the bill.

I also raised the question of the provision in the House version of H.R. 12438, the Fiscal 1977 Defense Authorization bill, which requires annual authorization of funds for all activities administered by the Department of Defense. McFadden said Senator John Stennis (D., Miss.), Chairman of the Armed Services Committee, is opposed to this provision, but McFadden felt the House would win on it because they were adamant. I asked if anyone in either Armed Services Committee had carefully considered how to handle intelligence funds under such a provision, and he replied no.
